THE CITY OF

RIDGELAND

Dear resident,

Ridgeland is experiencing record years of development and redevelopment. As our City continues to grow, we are calling on every resident to help us with improvements to our quality of life. We need your help in keeping Ridgeland a great place to live, work, and play.

The City of Ridgeland has adopted a Code Enforcement Plan, one of the most important means of helping our community remain a great place. Enforcement of property maintenance codes results in protection of your property values, a cleaner environment, and a safer place to live.

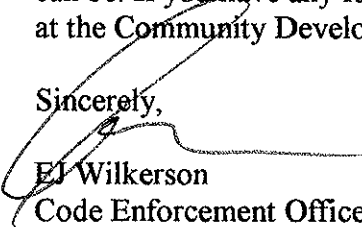

Residents found to be in violation of the City's Codes will be issued a Notice about the maintenance that needs to be performed on that resident's property. Notices will be based on the regulations of the 2006 International Property Maintenance Code and Ridgeland's Official Zoning Ordinance. Throughout the coming months, you may see one of our two Code Enforcement Officers going door-to-door in your neighborhood issuing Notices and working with residents to resolve violations.

While many violations can be corrected within 30 days or less by the resident, we understand that some of the violations will take greater effort and time to correct. We request that you contact us within the time specified on the Notice to at least discuss your situation and your plan to correct the violations.

We understand that many people do not know about the ordinances that affect the way we live and, several of these ordinances are new. We have committed to work with residents to establish an appropriate amount of time to resolve their violations. Please know that we are here to work with you, review your Notice with you, and answer any questions you may have. We are also interested in helping you reach out to anyone you think might be able to help you correct the violation. If we all work together, we can make a difference.

Thank you for your time and support in making Ridgeland the best that it can be. If you have any further questions, please feel free to contact me at the Community Development Department at 601-856-3877.

Sincerely,

EJ Wilkerson
